

MADE IN BELGIUM.
DESIGNED FOR
THE FUTURE.

BELGIQA ARCHITECTURAL
WOOD PRODUCTS

FLOORS

At Belgîqa, you'll find the finest quality wood flooring tailored to your unique taste.

Choose from a wide range of wood species, patterns and colours. Discover refined weathered tones and striking reactive effects that reveal the true character of the wood. Oak, Douglas fir, Walnut, Elm... Extra wide or extra long? At Belgîqa, every engineered wood floor is custom-made to create a truly unique result.

STAIRS

Looking for a staircase that matches your floor perfectly?

At Belgîqa, we create stair cladding that fully follows the design, or deliberately stands out. From clean and minimalist to bold and complex: anything is possible, as long as it fits within the interior concept. For us, a staircase is more than a connection between floors. It is an element that helps define the character of a space. That is why we approach stair cladding in the same way as parquet or wall cladding: as a fully integrated part of the design.

WHY CHOOSE BELGIQA?

Thoroughly Tested
Our products undergo rigorous testing to ensure they meet the highest standards.

European Quality
Experience craftsmanship that reflects the finest European quality and design.

Four Generations of Expertise
With over four generations of experience, we bring unmatched expertise and a deep understanding of woodcraft.

Global Availability
No matter where you are, our products are available worldwide.

Complete Solutions
We offer a comprehensive range including flooring, stairs, walls, and ceilings for a seamless design experience.

WALLS

At Belgîqa, it's about more than parquet, it's about a complete 360° wood experience. From floors to walls, ceilings and bespoke furniture, our solutions allow wood to flow seamlessly through every aspect of your interior. Thanks to finishes in any colour from our parquet collection, our veneer products are suitable for all types of projects: from homes and offices to hotels, bars and restaurants. With consistent colours, premium finishes and endless design freedom, Belgîqa is your partner for the ultimate wood experience.

ABOUT BELGIQA

Made in Belgium. Designed for the future.

With over 100 years of expertise in the processing and finishing of wood products and a continuous focus on innovation, Belgîqa offers a true 360° approach. We develop perfectly coordinated wooden floors, wall cladding and ceilings for both commercial and residential projects. Thanks to our fully Belgian production process, we stand out as a unique manufacturer of high-end multilayer wood flooring, veneer and wall cladding, where aesthetics, craftsmanship and innovation take centre stage.
